

KAASHVI GUPTA

Computer Science Student | AI/ML Enthusiast

Email - kaashvigupta00@gmail.com Phone : +91 8130823345 Location : New Delhi

 [LinkedIn](#)  [GitHub](#)  [Portfolio](#)

SUMMARY

Detail-oriented Computer Science student specializing in Artificial Intelligence and Machine Learning, with hands-on experience in building real-world applications across web development and AI-driven solutions. Skilled in Python, Java, and modern web technologies, with a strong foundation in data structures and problem-solving. Passionate about developing impactful, user-centric products and continuously exploring emerging technologies.

EDUCATION

B.Tech in CSE with specialization of AI/ ML

K.R.Mangalam University

2024 – 2028

GPA: 8.62/10

EXPERIENCE

Associate Designer and Public Speaker

OSEN 12/2025 – Present

Remote

- Delivered public speaking sessions and hosted events, clearly communicating ideas and engaging the audience.
- Prepared monthly reports to track activities, participation, and overall performance.

Video Editor

DevSphereIndia & TechEra

09/2025 – Present

Remote

- Produced and edited promotional, social, and event videos that aligned with brand aesthetics for both organisations.

Graphic Designer

DevSphereIndia

08/2025 – Present

Remote

- Designed social media posts, digital ads, and marketing materials that aligned with the brand's visual identity and creative strategy.

Google Student Ambassador

Google Gemini

04/2026 – Present

Remote

- Led campus initiatives to promote Google technologies, organizing events and engaging students in tech-driven learning.

PowerBI Intern

Codveda Technologies

05/2025 – 06/2025

Remote

- Power BI dashboards to visualize data trends and support data-driven decision making.

SKILLS

- **Languages:** Python, Java, C++, JavaScript, SQL
- **Web:** HTML, CSS, REST API Development, MongoDB (Basics)
- **Tools:** Power BI, VS Code, Dev-C++, Canva, Figma, Git (Beginner), GitHub, Excel, Lens Studio, Tableau
- **Core Concepts:** Data Structures Algorithms (Basics), DAA, OOPS, DBMS, Operating Systems (Basics), ML
- **Technical & Soft Skills:** Vercel / Netlify (Basics), Lovable, Render (Basics), Artificial Intelligence, AWS, Pinata, Web Development, Cloud Computing, System Design, UI/UX Design, Debugging & Troubleshooting
- **Soft Skills:** Communication, Problem Solving, Analytical Thinking, Team Collaboration, Adaptability

PROJECTS

MediVault 

- Developed a secure medical record storage system using blockchain-based encryption.
- Ensured data privacy and integrity with decentralized access control.

MindMate 

- Built a digital mental wellness platform for emotional expression and self-reflection.
- Integrated accessible coping tools to enhance user engagement.

FraudShield 

- Built a web app to detect and prevent online fraud using activity analysis.
- Designed an intuitive UI to identify phishing attempts and improve awareness.

CERTIFICATIONS

- Data Science Methodology 
- IBM Clod Essentials 
- Elite Code(Open Source) 
- Prompt Engineering 
- Data Privacy Fundamentals 
- Girl Script Summer Of Code (Open Source) 
- Data Analysis with Python 
- AWS
